

Heart & Vascular / Flinders Cardiac Clinic

COVID Management Plan

Flinders Cardiac / Heart & Vascular: COVID-19 Pre-Appointment Screening

****Action required prior to your appointment****

What measures are we taking to protect our patients, staff and Doctors?

- All our staff are COVID vaccinated.
- Appropriate PPE is worn by staff and Doctors
- High level cleaning and disinfection practice are employed
- Continue to follow the SA Government Emergency Management Procedures and SA Health directives

Patients must not attend if:

- They are currently COVID-19 positive
- Feeling unwell (cough, cold or flu-like symptoms)
- A current close, classroom or household contact (within 7 days of initial exposure)
- Awaiting a COVID-19 test result

****If any of the above questions apply, you will not be able to continue with your planned face-to-face appointment at this time and we will discuss alternative care arrangements.**

Can you please call at your earliest convenience:

8177 1599 - Flinders/Riverland

8224 6100 - Calvary/Brighton/Middleton

8783 6000 - Mount Gambier/Naracoorte

We ask that all patients attend their appointment on time and where possible please attend with one support person for face-to-face appointments.

We will review our policy frequently in line with SA Health advice.
